

REMARKS:

- 1) Referring to item 10) of the Office Action Summary, please indicate the acceptance of the drawings filed on July 24, 2006.
- 2) The Examiner's attention is directed to applicant's first Information Disclosure Statement filed on July 24, 2006, and the Supplemental Information Disclosure Statement filed with a copy of reference AE on March 26, 2008. Please consider the cited references and return an initialed, signed and dated acknowledgment copy of the IDS Form PTO-1449 of July 24, 2006.
- 3) Prior independent method claim 5 has been amended into dependent form, depending from product claim 1. Thus, claim 5 is now directed to a method or process of bonding the electronic device according to claim 1. A few editorial revisions have also been made in claim 5. These amendments do not introduce any new matter. Entry and consideration thereof are respectfully requested.
- 4) In reply to the Restriction Requirement, applicant hereby elects for examination the Group I claims 1, 2, 6 and 7 directed to an electronic device.
- 5) After the present amendment, claim 5 depends from claim 1 and is directed to a method of making or using the product of claim 1. Particularly, claim 5 is directed to a process for bonding the electronic device according to claim 1. Thus, in accordance with

MPEP 821.04 and 2116.01, if elected product claim 1 is ultimately found allowable, the Examiner is respectfully requested to rejoin, consider and allow the dependent process claim 5. In this regard, see section 4 on page 3 of the Office Action.

- 6) The Restriction Requirement is traversed to the extent mentioned above in the preceding paragraph, because non-elected claim 5 now depends from elected claim 1 and should be rejoined upon the allowance of claim 1.
- 7) Favorable consideration and allowance of the application, including all present claims 1, 2 and 5 to 7, are respectfully requested.

Respectfully submitted,

WFF:ks/4962
